Yorkville CUSD 115 Families,

Parents and community members who want their voices to be heard about the future of public education in Yorkville CUSD 115 are urged to attend the next “EVOLUTION 115” presentation on Wednesday, Feb. 20 from 6:30-8:30 p.m. in the Yorkville High School Library, 797 Game Farm Road. The implementation of EVOLUTION 115, the holistic development of a master facilities plan, will affect the entire District 115 community, and therefore, all adults within the district are invited to participate in the meeting.

The meeting will include a presentation, participant activity, and time for questions and discussion. The presentation will include how education (and by extension, educational spaces) is advancing throughout the world, opening up our minds to the incredible possibilities for Yorkville CUSD 115 students and facilities. This is a very important meeting, as it will serve to lay the foundation for all future discussions. The meeting will NOT be live streamed; however, the presentation will be posted online at www.y115.org/evolution115.

During the next 8-12 months, we will develop our EVOLUTION 115 plan, which will require us to think of new and exciting classroom/learning space options. By combining data both on how we currently use our facilities and the future of education and workplaces, along with our community’s expectations and desires, we will adopt a plan to guide our future.

The meeting on Feb. 20 is a critical step in this process.

Your voice is imperative to the creation of this plan. Our public education system cannot mirror the needs and desires of the community without hearing the voice of our community. Please attend the workshop and have your ideas and dreams for the future of our students’ heard.

If you have been waiting for the right time to get involved in your local school district, the time is now. I look forward to seeing you on Wednesday.

Sincerely,
Dr. Timothy Shimp
Superintendent of Schools
