## **A PASSION TO COMMUNICATE**

American Sign Language (ASL) Interpreters facilitate communication between those who are deaf and those who are hearing. Interpreters have become increasingly commonplace in government and educational settings. Our program emphasizes the skill, fluency, professionalism and ethical behavior needed to excel, as well as real-world experience.

### **At the Leading Edge**

Waubonsee's Interpreter Training Program was the first-of-its-kind in Illinois and it remains at the forefront, thanks to state-of-the-art digital technology and our highly qualified instructors.

### **Learning from the Best**

Our faculty are Nationally Certified Interpreters, each with more than 30 years of professional experience, and are actively involved in the Deaf community. They serve in professional organizations and as mentors to our students.
